Mr Matikka proposed to ask the AGM if they supported the Events Calendar and were willing to provide the information to update it. He will also remind delegates to check their information was up to date.

#### **11. Status 19<sup>th</sup> EOCCE 2024 Dresden (21<sup>st</sup> to 24<sup>th</sup> March 2024)**

Mr Richardt reported plans were progressing well. Sponsors were confirmed and a new 5-year contract will shortly be signed with the organisers of the Dresden Show. The budget plan is for sponsorship and exhibitor fees to cover all the costs. The Taiwanese traders have confirmed they will attend the EOCCE in preference to a TIOS or WOC in Taiwan at the same time. However, it is hoped the next WOC will be held in Taiwan in 2023 as confirmed by the WOC Trust President and would therefore, also reduce the potential impact on the lecture program for the EOCCE. The plans for the Organising Committee were progressing well.

Mr Hermans commented *The Orchid Review* would help promote the EOCCE as soon as information was available.

Mr Lafarge enquired about trips to see orchids in nature. Mr Richardt commented although it was too early for terrestrial orchids, they were investigating visits to Foundations and Botanical Gardens.

#### **12. Proposal 20<sup>th</sup> EOCCE 2027 FIO Florence, Italy**

Mr Diana reported back on the recent Florence Orchid show organised by FIO: the location was good only a short walk from the centre of the city; however, more work needed to be done on the Show as it was like a sales fair; the orchid show was held in association with a handicraft fair, there were 20,000 visitors over the three days and 5-6000 for the orchid show;

not all the Italian societies were involved yet but a country wide association was helping to increase involvement.

Mr Lafarge stated there was good support for the lecturers, although, judging would need significant help.

The application to host the 20<sup>th</sup> EOCCE in Florence received the backing of the Board and would be put to the AGM.

### **13. Next Board Meeting Autumn 2022**
